## Permission Form for Speech and Language Research Project

Dear Parent or Guardian

Manor Infant School and Nursery is taking part in a research project to help the development of a language assessment for children called the *Renfrew Action Picture Test (RAPT)*. With your consent, your child may be asked to take a 15-minute vocabulary and grammar test with a speech and language / teaching professional as part of this project. Your child's name will be anonymised, and their score and age will be used to "standardize" the assessment – help work out what the average score is for children of a particular age across the UK. Note, as we are selecting children based on a UK-wide sampling plan, not all children who return forms will be selected for testing. The data will be used for no other purpose, and the project complies with Data Protection rules.

We are collecting information to help make the assessment as representative as possible for people living in the UK.

Please fill out the below, and return the signed form by **31/01/2018**.
