Unacceptable parent behaviour

Dear parents and carers

It has been brought to our attention that some parents, and friends of parents, have been using inappropriate language and behaviours in and around the school grounds. For example, shouting and arguing in front of the children. This is unacceptable and is upsetting to children and other adults who hear and see this.

Although this is a minority, we would like to inform you that using inappropriate language in public is a criminal offence and police will be contacted if necessary.

As a school, we do not tolerate any of these behaviours from the children and therefore expect all parents, carers and other adults on our school premises to be good role models.

This is not the first time that this letter has been sent and it is disappointing to have to send this out again. We have spoken to some parents/carers in the past with regards to these inappropriate behaviours and it has been very embarrassing for those adults.

This is not our intention or the outcome we would want. However, this needs to stop so that our playground environment is the safe and happy place we all want it to be.

Thank you for your continued support.

Mr A Howard
