19<sup>th</sup> April 2021

Dear Parents and Carers

We are very excited to be welcoming back Miller's Ark to school on Wednesday 26<sup>th</sup> May. They are a mobile farm and will be bringing some friendly animals for us to see, touch and learn about. The children will meet the animals in groups and will begin their session with a health and safety talk and animal introduction from their experienced handler. After their visit, we will then continue learning about the animals in the classroom throughout the rest of the week.

In order for this exciting experience to take place, we are asking for a voluntary contribution of £4.00 to help cover the cost of their visit. Please could this be paid via your ScoPay account by Friday 30<sup>th</sup> April.

If you have any questions, please contact the school office.

Best Wishes

Mrs Kiddell  
Early Years Lead
